

Index

- abbreviations/acronyms
 - in abstracts, 103
 - articles, use of with, 13
 - in article titles, 11
 - for countries (US/UK), 12
 - defining nonstandard at first use, 11
 - in figure captions, 12
 - in headings, 12
 - journal, 150–152
 - in keywords, 104
 - for military rank, 12–13
 - for month, day, year, 15
 - for non-English name of organization, 11
 - nonstandard used once, 11
 - use of in references, 64
 - singular vs. plural, 13
 - standard vs. nonstandard, 111
 - starting sentences with, 11
 - in tables, 13
 - as units of measure, 14–15
 - See also* List of Abbreviations and Acronyms
- abstract, 103–104
 - use of abbreviations in, 103
- acknowledgments, 16
 - See also* article sections
- acronyms. *See* abbreviations/acronyms
- active voice, 110
- additional resources (style, spelling, etc.), 10
- algorithms
 - formatting of, 41
 - See also* computer code (programs)
- appendixes, 17
 - inclusion of questionnaires in, 17
 - numbering of figures and tables in, 17
 - titles of, 17
 - See also* article sections
- articles, use of with abbreviations, 13
- article sections
 - order of, 18
 - Publisher's Note, 18
- article titles
 - use of abbreviations in, 11
 - formatting, 97–98
- asterisks, used as mathematical characters, 41–42
- asymptote character (~), 60
- author information
 - affiliations, 101
 - byline, 98–99
 - footnotes, 100
 - initials, 11
 - surnames, capitalization of, 19
 - temporary address, 102
- author queries
 - ambiguous compound phrases, 34
 - ambiguous fractions, 46
 - copyright and permissions, 24
 - figure quality, 29
 - missing references, 65
 - missing tables, 87
 - revised figure(s), 26
 - for revised title, 31
 - subscript “0” or “o”, 55
 - for uncited figure(s), 28
- back matter. *See* Guidelines for Front and Back Matter
- bias-free language, 108–109
- bold font, use of in mathematics, 49–50
- books, reference format for, 72–73
- building codes and provisions, reference format for, 73–74
- bulleted lists
 - formatting of, 38
 - within numbered lists, 38
- capitalization, 19–20
 - author surnames, 19
 - designators, 19
 - species names, 19
 - titles and headings, 19
- captions. *See* figure captions; table captions
- chemical formulas, 95–96
- chemistry terms, 96
- citing references
 - in abstract, 103–104
 - in text, figures, tables, 27, 65–70, 92
 - See also* references

- city names, 236–237
- closed-up spaces, use of, 48–49
- colon
 - use of in numbered list, 39
 - use of preceding displayed equation, 47
 - use of in ratios, 62
- colons, use of with ratios, 62
- colors
 - denoting figures to be printed in, 25
 - referring to in figures, 25
- commas
 - to offset day and year, 62
 - serial, 62
 - use of with large numbers, 58, 62
- compound modifiers, use of hyphens in, 33
- computer code (programs), 43
 - See also* algorithms
- conferences, reference format for, 74
- conjunctions, use of series of numbers, 60
- conversion factors, 234
- copyright and permissions, 21–24
 - author responsibilities, 21
 - credit line for, 23–24, 28, 91, 92
 - for figures, 22–23
 - general information, 21–22
 - for material from website, 22
 - public domain, 22
 - querying author for, 24
 - for tables, 92
- corresponding author (title page), 100
- countries (US/UK), abbreviations for, 12
- credit lines (copyright and permissions), 23–24, 28, 91, 92
- curly braces, 44
 - See also* fences
- customary units, U.S., 15
 - See also* List of Abbreviations and Acronyms
- databases, reference format for, 74
- dates, use of numbers to denote, 60
- deceased author (title page), 101
- decimals, formatting of, 43
- designations, professional, 98–99
- designators, capitalization of, 19
- displayed equations, 45–46
 - punctuation before, 47
- DOI number, 104
- electronic materials, reference format for, 74–75
- ellipses
 - use of in mathematical equations, 43–44
 - use of with direct quotes, 63
- e-mail address (title page), 101
- em dash, in empty table cells, 62
- em quad (em space), use of in mathematical composition, 49
- en dash
 - to denote numerical ranges, 34, 58–59, 62
 - open compounds connected with, 34, 62
- engineering terms. *See* List of Engineering Terms
- “E” notation, 43, 91
- equations. *See* mathematical equations
- Federal Register, reference format for, 75
- fences
 - in mathematical equations, 44–45
 - in parenthetical remarks, 62
 - in text, 62
- figure captions
 - abbreviations, use of in, 12
 - equations, referring to in, 26
 - formatting of, 25
 - formatting part labels in, 26
 - part label descriptions in, 27
 - reference citations, use of in, 27, 65
 - symbols, use of in, 27
- figures, 25–29
 - in appendixes, 17
 - citing in the text, 27–28
 - copyright and permissions for, 22–23
 - head shots as, 25
 - marking to be printed in color, 25
 - multipart/multipage, 26
 - permissions for, 28
 - quality of, author query for, 29
 - referring to colors in, 25
 - uncited, author query for, 28
- first-person language, 107

- fonts, special, for mathematical characters, 49–54
- footnotes and endnotes, 30
 - author footnotes (title page), 99–100
 - in tables, 90–91
- foreign (Latin) phrases, hyphens in, 33
- fractions
 - formatting of ambiguous, 46
 - slashed/stacked in mathematical equations, 46–47
 - spelling out vs. numerals, 58
- front matter. *See* Guidelines for ASCE Front and Back Matter
- functions/operators. *See* mathematical functions/operators

- gender-neutral language, 108–109
- government publications, reference format for, 75
- graphic elements, in tables, 91
- headings
 - abbreviations in, 12
 - use of articles in, 31
 - capitalization of, 19–20
 - use of italics in, 31
 - levels of, 31–32
 - table, 88
- head shots, 25
- Helvetica font, use of with mathematical notation, 53
- highlighting/shading, in tables, 91
- hyphens, 33–37
 - in algorithms, 41
 - as ambiguous characters, 41
 - in “century” compounds, 33
 - in compound modifiers, 33
 - in foreign (Latin) phrases, 33
 - in numerical ranges, 34
 - with prefixes, 35–37
 - with suffixes, 37
 - with units of measure, 34
- in-text citations, 65–70, 92
 - use of abbreviations in, 64
 - use of in abstracts, 103–104
 - citing page number or part of reference, 67
 - in figure captions, 27
 - format for same author name/year, 67
 - format for standards, 68
 - missing, querying the author for, 65
 - self-referencing, 67
 - See also* reference list
- italics
 - general, 109–110
 - use of in headings, 31
 - use of in mathematics, 49–50, 53–54
- journal abbreviations, 150–152
- journal articles, reference format for, 75–79

- keywords, 104

- legal documents, reference format for, 79–80
- lists. *See* bulleted lists; numbered lists
- logs, substitutions for, 47

- manufacturer information
 - citing, 40
 - use of trademarks with, 40
- maps, reference format for, 79–80
- mathematical characters
 - use of asterisks as, 41–42
 - correct selection with ambiguous, 41
 - special fonts and typefaces for, 49–54
 - summation and product, 55
- mathematical equations
 - citing in text, 42
 - displayed, 45–46
 - explaining variables in, 44
 - use of fences in, 44–45
 - formatting of fractions in, 45–47
 - formatting of related, 48
 - referring to in figure captions, 26
 - use of in tables, 91–92
- mathematical functions/operators, list of, 50–53
- mathematical variables
 - explanatory text for, 44
 - use of italics with, 49–50, 53–54

- use of script characters as, 54
 - stacking and slashing, 46
- matrices, formatting of, 45, 49–50, 54
- military rank, abbreviations for, 12–13
- minus sign, as ambiguous character, 41
- misused words and phrases, 106–107
- monetary expressions, formatting of, 58
- multipart/multipage figures, 26
- multipart tables, 92

- “naked” lists, 38
- newspaper articles, reference format for, 80
- nonauthor references, formatting of, 66
- nonstandard abbreviations
 - in article titles, 11
 - defined at first use, 11
 - in figure captions, 12
 - in headings, 12
 - in tables, 13
 - used only once, 11
- notation list
 - example of, 56–57
 - formatting of, 56–57
 - placement of, 18
- numbered lists
 - bulleted lists within, 38
 - use of colon in, 39
 - formatting of, 38
 - run in with the text (run-in list), 38–39
 - stacked, 39
- numbers, 58–61
 - in a series, 60
 - use of comma with large, 58
 - use of decimals with, 43
 - to denote time and dates, 60
 - formatting fractions as, 58
 - monetary expressions as, 58
 - vs. spelling out, 58, 59
- numerical ranges, use of en dash to denote, 34, 59–60

- open compounds, connected with en dash, 34
- organizations, defining abbreviations for non-English, 11

- parentheses
 - use of in stacked fractions, 47
 - use of in the text, 62
 - See also* fences
- parenthetical remarks, formatting of, 62
- part labels
 - citing in the text, 28
 - formatting, 26–27
- passive voice, 110
- patents, reference format for, 80
- permissions. *See* copyright and permissions
- personal communications, reference format for, 80
- personal names and particles, 110
- photographs, copyright and permissions for, 22–23
- placeholders, 110
- prefixes
 - use of hyphens with, 35–37
 - See also* List of Engineering Terms
- presented papers, reference format for, 81
- proceedings, reference format for, 81–82
- product names
 - formatting of, 40
 - See also* List of Engineering Terms; trademark symbols; US Patent and Trademark Office
- professional designations, 98–99
- province names, 236–237
- public domain. *See* copyright and permissions
- Publisher's Note, 18
- punctuation, 62–63
 - before displayed equation, 47
 - See also* specific punctuation mark (colon, comma, etc.)

- quad spaces, use of in mathematical composition, 49
- queries. *See* author queries
- questionnaires, inclusion in appendixes, 17
- quotation marks, 62–63

- radical sign, formatting of, 48
- ranges, numerical. *See* numerical ranges
- reference list

formatting of, 71–84
See also in-text citations
 related equations, formatting of, 48
 reports, reference format for, 82
 retired author, 102
 roman type, use of in mathematics, 49–50, 54
 run-in lists
 formatting of, 38–39
 See also numbered lists

 sample tables, 93–94
 script characters, use of as mathematical variables, 54
 semicolons, uses of, 63
 sentence case, 65, 90, 104, 105
 singular vs. plural abbreviations, 13
 SI prefixes, 235
 SI units, 15
 use of scientific notation with, 15
 See also SI Units
 slashed fractions, 46–47, 88
 software packages, reference format for, 82–83
 spaces
 use of in mathematical composition, 48–49
 See also quad spaces; em quad; two-em quad
 species names, capitalization of, 19
 spelling, 85
 See also List of Engineering Terms
 square brackets, 44
 See also fences
 stacked fractions, 46–47
 use of parentheses with, 47
 stacked (numbered) lists, 39
 standard abbreviations
 in article titles, 11
 defining, 11
 in figure captions, 12
 in headings, 12
 in tables, 13
 standards, reference format for, 83
 state names, 236–237
 straddle headings, in tables, 89

 submitted/approved/published note, 103
 subscripts, formatting of, 54–55
 suffixes, use of hyphens with, 37
 summation and product, 55
 superscripts
 formatting of, 54–55
 slashing of stacked, 47, 55
 supplemental data
 citing in the text, 86
 placement in manuscript, 86
 submission requirements for, 86
 surnames, author, capitalization of, 19
 symbols
 use of in figure captions, 27
 in tables, 89
 vs. spelling out, 55
 symposiums, reference format for, 83

 table captions, 88
 tables, 87–94
 use of abbreviations in, 13
 alignment of values, 88
 appendixes in, 17
 captions for, 88
 citing in the text, 87
 citing references in, 92
 column headings for, 90
 copyright and permissions for, 22–23, 92
 use of em dash in empty cells, 62
 use of equations in, 91–92
 footnotes, 90–91
 formatting of fractions in, 88
 graphic elements in, 91
 highlighting/shading in, 91
 multipart, 92
 numbering of, 87
 repeated information in, 92
 use of rules in, 88
 sample tables, 93–94
 straddle headings in, 89
 symbols and units of measure in, 89
 uncited, querying author for, 87
 table titles, 88
 tense (verb), 110
 tensors, formatting of, 45, 49–50, 54
 terminology, 95–96

territory names, 236–237
theses and dissertations, reference format
for, 83–84
time, use of numbers to denote, 60
title case
in affiliations, 242–243
in tables, 88
for titles/headings, 19, 31, 32
title page
